A SWEETER SIDE

Wearing a flowing YSL dress with long, loose hair, Nicole's style (here on April 22) has softened during her pregnancy.

Seven months along, Nicole Kidman looks pregnant at last

**HARDLY
SHOWING
ONE WEEK
EARLIER!**

▲ Nicole's pal tells *In Touch* that the actress had only put on 10 pounds during the first five months of her pregnancy.

Finally, Nicole's bump IS SHOWING!

Ever since Nicole Kidman announced her pregnancy in January, fans have been watching and waiting for a bump to transform her slender shape. In fact, when the 40-year-old actress hit the red carpet with husband Keith Urban at the CMT Music Awards on April 14, onlookers were disappointed to see that Nicole — who is seven months along — barely looked pregnant at all. But a week later, on April 22, the mom-to-be revealed a bulging bump at last. According to a pal, Nicole has recently put on another 15 pounds and just started buying maternity clothes. "That was a huge milestone," the friend tells *In Touch*.

So what took so long? Ob-gyn Dr. Jay Goldberg (who doesn't treat Nicole) says genetics, diet and exercise all play a role. "It's healthy for someone with Nicole's body type to blossom at this stage," he adds. And Nicole says she feels as pregnant as she finally looks. "I've had severe morning sickness," she reveals. "But I'm good. Really good!"

HER LIPS ARE BIGGER, TOO!

MAY 2001
NATURAL

APRIL 2008
PLUMPED?

In the past, Nicole's impossibly smooth skin prompted rumors that she used Botox. Since her pregnancy, her appearance has been more natural, suggesting that she'd stopped using injectables, which aren't recommended during pregnancy. But her plump lips have sparked speculation. Celebrity plastic surgeon Dr. Anthony Youn, who doesn't treat her, says Nicole's lips don't have the telltale pout a filler causes. "It's more likely a natural swelling from pregnancy weight gain," he says, adding that if she'd augmented her lips in the past with fat, hormonal changes could reinflate them.

THESE PREGNANT STARS LOVE FLOWY DRESSES!

► GWEN KEEPS IT CASUAL

"I'm sick of maternity clothes," Gwen Stefani said during her first pregnancy. She's been rocking boho maxi dresses her second time around.

► ANGIE HAS GONE GIRLISH

Often seen in fitted clothes, Angelina Jolie's pregnancy style is now more feminine. She is "soft, sexy and romantic," says her stylist Jen Rade.

► JESSICA ACCEPTS HER BIG BUMP

"It's like this thing takes over your body and you have to surrender to it," says Jessica Alba, who enhances her belly in a bold-print Juicy Couture dress.

Sam seems to be a good influence on Lindsay, who has been spotted sipping Shirley Temples when they're out at clubs together.

And some friends say Lindsay Lohan and Samantha Ronson are more than just pals

Lindsay MOVES IN with her girlfriend

As Lindsay Lohan strolled through the lobby of Hotel Sax in Chicago, she held hands with her companion and smiled. But Lindsay's significant other wasn't a guy — it was her best girlfriend, DJ Samantha Ronson. "When they got to their room, Sam opened the door for Lindsay," says a witness at the hotel on April 24. "There is definitely an intimacy between them."

The closeness is nothing new. A pal says the pair started hanging out exclusively in early March, and before long, Sam moved most of her stuff into Lindsay's West Hollywood home. Now it appears they are living — and traveling — together. "Lindsay and Samantha have stayed together every night for about a month," the pal says.

While Sam, 30, has been described as openly gay, Lindsay, 21, has been involved with a string of men. She has only admitted to a friendship with Sam — but that bond is growing. "It may not be a sexual relationship, but Lindsay and Samantha are a couple," the insider adds. "They even sleep in the

same bed." Another friend puts it more bluntly: "They are full-on dating. They are all over each other when they're together. It's like no one else is there." Still Lindsay's pal, designer Wayne Joffe, tells *In Touch*, "Lindsay is not gay. They are just being girls and are best friends."

Is Lindsay in love?

As Lindsay follows Sam around the country while she works at clubs, the pair have been inseparable. On April 18, they traveled to New York, where an insider says Sam gave Lindsay a diamond ring. The next weekend, they traveled to Chicago, where they had a big fight before heading to Las Vegas and checking into a huge suite at the Planet Hollywood Resort & Casino. "Lindsay had wanted to go to Coachella instead of Vegas," an insider says. "But Sam knew that Lindsay would be tempted to party and told her she couldn't go."

Many see Sam, who doesn't do drugs, as a positive influence on Lindsay, who was in rehab three times last year. Sam also provides her with much-needed support. "Lindsay is not with her family very often," says another friend. "Her mom, Dina, is with her sister, Ali, all the time, and she tried to make things work with her dad, Michael, but it didn't last." For now, the pal adds, Sam is all the family Lindsay needs.

◀ Sam drives Lindsay around in her car (instead of Lindsay driving her own, left) "because Lindsay doesn't like driving," an insider says.

And they're hanging out with everyone's favorite couple: Nicole and Joel!

Nicole Richie and Joel Madden have been double-dating with the most famous couples in Hollywood

Lindsay and Sam

On April 22, Sam and Lindsay ate with Joel and Nicole at the Dakota restaurant in Hollywood.

Paris and Benji

Nicole and Joel partied with Paris Hilton and his brother, Benji (not pictured), at LA's Foxtail on April 24.

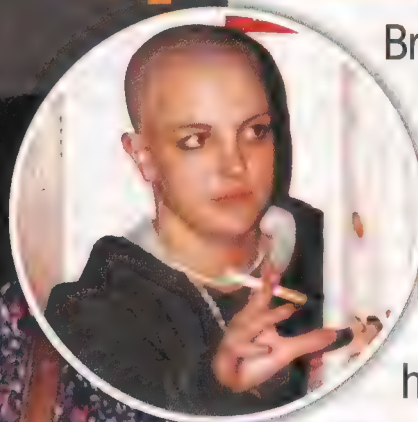

Pete and Ashlee

Pete Wentz and Ashlee Simpson had dinner with the pair at La Esquina in New York City on April 16.

Britney's **CRAZY** \$61

Sorting out Britney's financial affairs "is intensive work," the insider says.

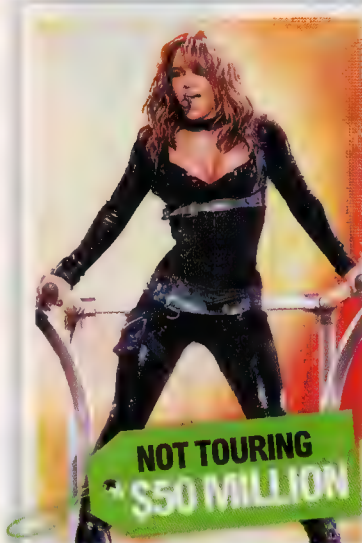

Britney Spears has lost a fortune due to excessive spending and a career hiatus

When Britney Spears' father, Jamie, was named her co-conservator on February 1,

he took over her financial affairs. But after going through her books, Jamie must have learned just how much of a toll Britney's crazy behavior, which started in February 2007 when she shaved her head, has had on her bank account — she's lost nearly \$61 million. "It's staggering how much money has been used up," a family friend says.

In addition to the enormous tab for legal bills, rehab and psychiatric care, Britney's inability to work has cost her a fortune. "By not touring for her last album [*Blackout*], she lost out on \$50 million," estimates Robert Bianchi, an LA-based CPA who isn't an accountant for Britney. Jamie hired his own accountants to sort out the money mess and bring an end to the 26-year-old's excessive spending. "It's been quite a challenge getting things under control," the insider says. Luckily, as Britney's mental health improves, so does her bottom line. "She's spending about a fifth of what she used to," the insider adds.

BEHAVIOR has cost her MILLION!

NOT TOURING
*\$50 MILLION

Her five big tours earned her \$140 million. Since last touring, the prices of merchandise and tickets have increased. Britney missed an even bigger payday.

SECURITY
*\$350,000

Her new six-man team of hired muscle from Advanced Security Concepts, many of whom are ex-Israeli commandos, charges \$25,000 per week.

HAIR CARE
*\$12,000

After Britney shaved her head, she bought a lot of wigs, which cost \$800 each, and spent \$2,500 a pop on hair-weave sessions.

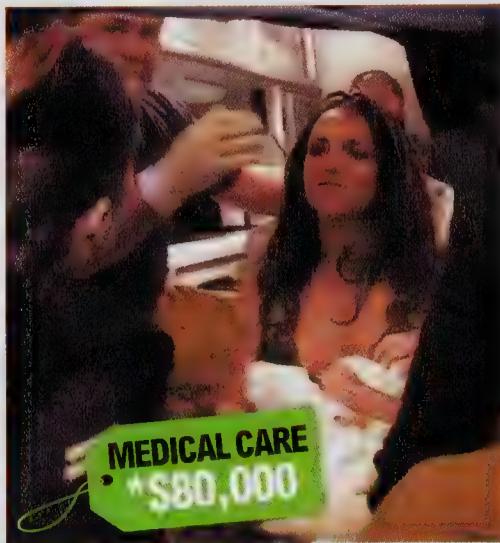

LEGAL FEES
*\$1 MILLION

Britney pays her dad \$2,500 per week to be her co-conservator, and recently, a judge ordered her to pay \$775,000 in legal-related expenses.

TRANSPORTATION
*\$400,000

During her breakdown, she'd book private jets at \$5,000 per hour, then fail to show up. She also bought three new Mercedes-Benzes, including one for \$188,025. "Instead of getting her car washed, she'd buy a new one," the insider says.

MEDICAL CARE
*\$80,000

Britney had two expensive hospitalizations in January. She also regularly sees psychiatrist Dr. Deborah Nadel, who charges \$250 to \$325 per hour and makes special house calls.

Jen's HOT NE

A photograph of a woman (Jen) and a man (John) lying on a white poolside lounge bed. Jen is on the left, wearing a light-colored bikini top and sunglasses, holding a drink. John is on the right, shirtless with a large tattoo on his back and shoulder, also wearing sunglasses. They are both looking towards the camera. The background is filled with lush green foliage.

Jen and John shared a poolside bed at the Mandarin Oriental's private beach club in Miami on April 24. "They were very close to one another," a witness tells *In Touch*. "They were cozy. It was obvious they have something for each other."

Jennifer Aniston and singer John Mayer share a romantic long weekend together in Miami — but has she finally found the one?

W LOVE

“My weekend was good.”

— John tells *In Touch*

Strolling through New York's LaGuardia Airport after disembarking his plane on April 28, John Mayer looked like a very happy man. When asked how he was doing, after spending four days with his new love, Jennifer Aniston, John smiled. “My weekend was good,” he told *In Touch* exclusively.

From the looks of things, he's totally right.

John was returning home after a long weekend in Miami with Jen. Although they've kept their relationship quiet, insiders say that John, 30, is crazy about Jen, 39 — and it showed during the trip. “He was very attentive to her,” says an eyewitness, who saw the pair dining at Café Sambal at the Mandarin Oriental hotel less than 24 hours earlier. “Halfway through the meal, he grabbed her hand, and she looked very pleased about it. They stayed that way for quite some time, and he kissed her hand seductively.”

John flew to Miami on April 23 and checked into the Four Seasons hotel, but insiders say that he spent virtually no time there during his visit — opting instead to hang out in the \$3,000-a-night presidential suite at the Mandarin Oriental, where Jen has been staying while shooting the movie *Marley & Me*. As *In Touch* can reveal in exclusive photos, John and Jen were first spotted sunning together at the hotel's private beach club on April 24 — and the two were inseparable over the long weekend.

The next day, the pair ate a light lunch at Michael's Genuine Food & Drink and then went shopping in Miami's trendy design district, walking arm in arm, an onlooker reveals. “They were laughing, and at one point, he gave her a little kiss on the temple.” They later enjoyed a three-hour, \$800 dinner at the exclusive restaurant Casa Tua (narrowly missing Jen's ex Vince Vaughn, who was in town visiting her co-star, Owen Wilson). At the end of the evening, the

happy duo had an after-dinner drink together on the restaurant's tiny balcony. "They were in their own little world," says a witness. "They couldn't stop looking at each other."

After Jen shot her scenes the following day, on April 26, the couple met up and shopped together at a Publix supermarket in downtown Miami for a barbecue at a friend's Coconut Grove home. "They were having fun," says another eyewitness. "Jen was putting things in the cart and John was taking stuff out, and they were laughing. It was very cutesy and they seemed familiar with one another."

The next time they were spotted in public was the following night, when the pair enjoyed their three-and-a-half hour dinner at Café Sambal. "They had a long and intimate conversation," says the onlooker. "Even though Jen was a guest at the hotel, John insisted on paying the bill. He chatted a lot, and Jen made him roar with laughter a few times. They left at about 9 p.m., and sneaked away in an elevator."

Can John be faithful?

John, who reportedly may have gotten Jen's number from mutual friend Sheryl Crow, is clearly enamored — but Jen's friends

"John was the one more into the moment," says the witness. "He was paying more attention to her than she was to him."

"John was trying to charm Jen," the witness adds. "When he talked to her, he touched her leg and shoulder."

Although John is obviously interested in Jen, she is more guarded. "She is leaning away and looking away," says Dr. Lillian Glass, a body-language expert.

At one point, John and Jen's heads touched. "Couples in the initial, smitten phase of courtship move their heads together into a space and touch," says body-language expert David B. Givens, Ph.D. "Seeing the sustained head-touch is a good sign of a very, very strong mutual attraction."

What about John's crush on Angelina?

In his 2006 comedy stand-up routine, John admitted that he lusted after Jen's archenemy, Angelina Jolie. "Everyone thinks Brad Pitt has it great because he's with Angelina Jolie. I think he has it terrible [who else would you fantasize about?]," joked John.

THEY'VE GOT LOTS IN COMMON

John and Jennifer have been in similar kinds of relationships

SEX SYMBOLS

John dated bombshell Jessica Simpson on and off for nine months.

Jen was married to Brad Pitt, one of the world's sexiest actors, for five years.

COMEDIANS

Last August, John briefly dated goofball actress Cameron Diaz.

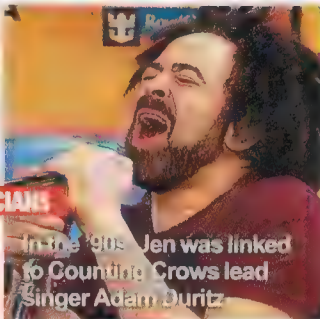

After splitting with Brad, Jen quietly dated jokester Vince Vaughn for more than a year.

MUSICIANS

In early April, John was spotted with Pussycat Doll singer Nicole Scherzinger.

In the '90s, Jen was linked to Counting Crows lead singer Adam Duritz.

WHOLESOME

John dated *Ghost Whisperer* star Jennifer Love Hewitt briefly in 2002.

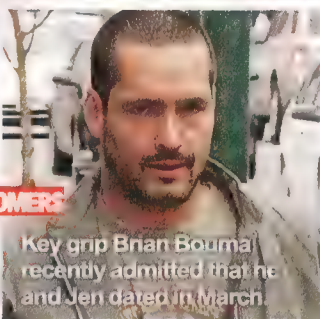

Jen broke off an engagement to O.C. star Tate Donovan in 1998.

UP-&-COMERS

In January, John broke up with actress Minka Kelly. "It was amicable," she says.

Key grip Brian Bouma recently admitted that he and Jen dated in March.

John and Jen finished the weekend with an alfresco sunset dinner at Café Sambal in Jen's hotel on April 27. They dined on sushi, while Jen drank wine. "John did most of the talking," a witness tells *In Touch*.

say that she's trying to take things slowly. As John's buddy Jeremy Sisto tells *In Touch*, "That boy gets around. He does very well with the ladies." Jen is well aware of that, one of her pals says: "She's afraid he might be too much of a player."

An insider who used to be close to John has a message for Jen: stay away. "He's charming in the beginning when you meet him. But it's all a game — and after he thinks he has you hooked, it's no longer a challenge, and then it's over. It won't last," the former friend says.

For now, Jen is ignoring outside opinions and is trusting her gut. "She is living in the moment," an insider says. "She decided not to overthink this thing with John and is just letting it happen organically. She has no expectations."

Perhaps she should give John the benefit of the doubt. It's true he has been involved with a string of beautiful women

over the years, but he is also eager to settle down — and doesn't want to be seen as a womanizer. "My fear is that I go up to the girl of my dreams and say, 'I'm sorry, but I've got to say hello to you, and she... gets up and walks away, saying, 'Not for me, Bub. I don't want anything to do with you,'" he says.

And a friend of John's says that he is "always honest with the women he spends time with, whether it be one dinner or something more serious. To suggest he's a player would be completely untrue."

And though Jen has insisted that she doesn't really have a "type," some think she and John are perfect for one another. "Jen and John each appear to be independent and strong in their own right," says psychologist Dr. Lisa Boesky, who doesn't work with the stars. "If a relationship were to develop, it would likely be because they want to be with each other, not that they need to be with each other."

Looking relaxed after the trip

After his romantic weekend with Jen in Miami, John flew back to New York City on April 28 at 8 a.m., carrying a guitar in his hand — and Jen in his heart! And she's smitten, too. "Jen found him to be surprisingly intelligent and more mature than she anticipated," a friend says.

GAY RUMORS

Stories that Al is gay abound, but Star insists their relationship is strong.

I can't believe this is happening to Star and Al. His mom, Ada, tells *In Touch*. This is just heartbreaking.

Amid power struggles and persistent gay rumors, Star Jones discovers her marriage to Al Reynolds will never work

Star Jones put on a brave face when she delivered the commencement speech at Lane College in Jackson, Tenn., on April 27, four days after announcing her split with her husband of three-and-a-half years, Al Reynolds. Although she didn't mention the breakup, she did discuss "dealing with adversity," student Lavonne White tells *In Touch*. "She couldn't have been more inspirational."

And while Star was dignified in her despair, Al went out partying. That same night, he and six friends hit The Forge restaurant in Miami, where the couple shares a condo. "There was a lot of champagne, vodka and dancing," an onlooker says. "He seemed like he was putting on a show."

called "the absolute love of my life," faltered. "Al and Star were happy together and I am saddened to hear about their separation," Star's former publicist Felicia Quaning tells *In Touch*. "I was really pulling for them."

Ada believes that Star and Al will remain friends but hopes that the TV host will be kind to her son during the divorce proceedings. "Honestly, I don't think that Al will move on from this," she tells *In Touch*. "I am very concerned for him."

Star's friends are concerned about Al — specifically that he'll write a tell-all book. Al's publicist Howard Bragman released a statement saying, "We're taking the high road," and Star, who was a lawyer before she became a TV star, had Al sign an iron-clad prenup (which might have included a confidentiality clause), an insider says. "It's possible but improbable that he could get the prenup voided," renowned divorce attorney Raoul Felder tells *In Touch*.

Al's mom doesn't believe that Star, who was falsely rumored to be seeing NBA star Dwayne Wade, or her son are dating anyone new yet. But Star's friend believes that she will be soon: "She's a sucker for love."

pain. "He is so hurt and so sad," his mom, Ada Reynolds, tells *In Touch* exclusively. "He did not want this divorce at all. He wanted to stay married. I think Star wanted the divorce, not Al."

Since meeting at a record release party for Alicia Keys more than four years ago, the former *View* co-host seemed completely smitten with Al. She bragged about their \$2 million November 2004 wedding, discussed their "erotic" sex life in detail and vigorously defended Al against rumors that he is gay. "Anyone hinting about his sexuality made Star get up on her high horse. She even threatened to sue once," says

the insider. But recently, their relationship became rocky when Al, 37, who gave up a career in banking to become her manager after Star, 46, was fired from *The View* two years ago, started to assert his independence again. After her new TruTV show was canceled in January, "His desire to focus on his own career caused them to grow apart," a close friend of Star's reveals. "She was used to having him there all of the time and saying all the right loving things," says an insider.

But Al wanted to branch out, Star's friend explains. "Al acted as her manager during her time at TruTV. And when her show was canceled, he

Even when they were both in New York at the same time, Al would go out clubbing with his male friends. "Star wasn't invited," an insider reveals, adding that this also didn't help dispel the "Al is gay" rumors.

But Al's mother insists that her son is straight. "It hurts me when people say that Al is gay," Ada tells *In Touch*. "It's embarrassing. I don't believe that he is. I don't know what happens with him, and I do not want to know. But if he comes to me for help, then I will try to help him as best I can."

"I truly believed that he would never get married," his mother, Ada, says in an exclusive interview with *In Touch*. "He never seemed interested."

Growing up, a lot of girls had their eyes on Al, but he was oblivious. "He controlled himself," Ada adds. "His brother Ed was wild and certainly enjoyed it, but Al was more reserved. He was more into just hanging out with his friends and having fun."

Ada doesn't think that Al ever wanted kids, either, and says that he and Star were not planning to start a family: "Al doesn't talk about children, never talked about children." Despite the divorce, Ada has fond feelings for Star, who generously paid for her lavish 78th birthday

Mariah's new boy toy

Mariah was linked to producer Mark Sudack for the past two-and-a-half years and Nick split from fiancée Selita Ebanks in October.

Mariah Carey has been hanging out with actor/rapper Nick Cannon everywhere from Las Vegas to New York. And now she's sporting something else besides a new guy — a huge diamond ring! Could it be a present from Nick? Even though Mariah, 38, and Nick, 27, are trying to keep their relationship under the radar, an onlooker at the Tribeca Film Festival Cadillac Lounge at Tenjune in NYC on April 26 tells *In Touch*, "They were holding hands the whole time." A day earlier, the

actor was a special guest at Mariah's Empire State Building lighting. Adding to the speculation that their relationship is heating up, Mariah's friend Da Brat tells *In Touch*, "Yes, I think Mariah is happy in her love life. She's in a good place!" Nick laughed nervously when asked about engagement rumors and told MTV on April 28, "She's probably the most festive, remarkable person I've ever met." Mariah also said that working with Nick on a new music video for her album *E=MC²* was "very nice!"

Chace's romantic weekend

His on-screen character goes for NYC girls, but in real life, Chace Crawford prefers a girl from Texas. The *Gossip Girl* hunk, 22, recently spent a romantic weekend in New York with old fling Casey Lane, 23, who lives in his hometown of Dallas. According to an insider, "They hooked up in high school and when she visited New York, she ended up at Chace's apartment." Chace and his roommate, co-star Ed Westwick, 20, threw rooftop parties at their Chelsea home on April 18 and 19, where, the insider says, "Chace and Casey were all over each other in front of everyone." But don't expect anything serious. "Casey is staying in Dallas — but definitely has plans to come back to see him."

Go Ricki! She's got a new man!

Ricki Lake has stepped out with a new beau — after recently telling *In Touch* that she would like to meet someone special! The single mom of Milo, 11, and Owen, 6, has been canoodling all over NYC with a scruffy blue-eyed mystery man named Ernani. The couple spent a night out at the *Then She Found Me* premiere party on April 21, and they supported the Michael J. Fox Foundation at the Play 4 Parkinson's Casino Gala the next day. The former talk-show host, 39, introduced Ernani as her “new friend” as they mingled with pals and held hands all night.

Sophia, 25, who was married to her *One Tree Hill* co-star Chad Michael Murray for five months in 2005, is now hooking up with cast member James Lafferty, 22. “They’ve been together for almost three months,” a friend tells *In Touch*, although they were careful to keep their relationship under wraps and away from the show’s North Carolina set. That is, until April 19, when they were seen holding hands in the lobby of NYC’s W Union Square hotel.

“They were very cute together and kissed a few times,” says an onlooker.

CALLING GARDASIL A CERVICAL CANCER VACCINE IS ONLY THE BEGINNING OF THE STORY.

GARDASIL is the only cervical cancer vaccine that helps protect against 4 types of human papillomavirus (HPV): 2 types that cause 70% of cervical cancer cases and 2 more types that cause 90% of genital warts cases. GARDASIL is for girls and young women ages 9 to 26.

SELECT SAFETY INFORMATION

Anyone who is allergic to the ingredients of GARDASIL should not receive the vaccine. GARDASIL may not fully protect everyone, and does not prevent all types of cervical cancer, so it is important to continue routine cervical cancer screenings. GARDASIL is not for women who are pregnant. GARDASIL does not treat cervical cancer or genital warts. The side effects include pain, swelling, itching, and redness at the injection site, fever, nausea, dizziness, vomiting, and fainting. GARDASIL is given as 3 injections over 6 months. Only a doctor or health care professional can decide if GARDASIL is right for you.

**Patient Information about
GARDASIL® (pronounced "gard-Ah-sill")**

Generic name: [Human Papillomavirus Quadrivalent (Types 6, 11, 16, and 18) Vaccine, Recombinant]

Read this information with care before you or your child gets GARDASIL®. You or your child will need 3 doses of the vaccine. It is important to read this leaflet when you receive each dose. This leaflet does not take the place of talking with your health care professional about GARDASIL.

What is GARDASIL and what is it used for?

GARDASIL is a vaccine (injection/shot) that helps protect against the following diseases caused by Human Papillomavirus (HPV) Types in the vaccine (6, 11, 16, and 18):

- Cervical cancer (cancer of the lower end of the uterus or womb).
- Abnormal and precancerous cervical lesions.
- Abnormal and precancerous vaginal lesions.
- Abnormal and precancerous vulvar lesions.
- Genital warts.

GARDASIL helps prevent these diseases — but it will not treat them.

You or your child cannot get these diseases from GARDASIL.

What other key information about GARDASIL should I know?

- Vaccination does not substitute for routine cervical cancer screening. Females who receive GARDASIL should continue cervical cancer screening.
- As with all vaccines, GARDASIL may not fully protect everyone who gets the vaccine.
- GARDASIL will not protect against diseases due to non-vaccine HPV types. There are more than 100 HPV types; GARDASIL helps protect against 4 types (6, 11, 16, and 18). These 4 types have been selected for GARDASIL because they cause approximately 70% of cervical cancers and 90% of genital warts.
- This vaccine will not protect you against HPV types to which you may have already been exposed.
- GARDASIL also will not protect against other diseases that are not caused by HPV.
- GARDASIL works best when given before you or your child has any contact with certain types of HPV (i.e., HPV types 6, 11, 16, and 18).

Who can receive GARDASIL?

GARDASIL is for girls and women 9 through 26 years of age.

See "Who should not receive GARDASIL?" below.

Who should not receive GARDASIL?

Anyone who:

- is allergic to any of the ingredients in the vaccine. A list of ingredients can be found at the end of this leaflet.
- has an allergic reaction after getting a dose of the vaccine.

What should I tell my health care professional before I am vaccinated or my child is vaccinated with GARDASIL?

It is very important to tell your health care professional if you or your child:

- has had an allergic reaction to the vaccine.
- has a bleeding disorder and cannot receive injections in the arm.
- has a weakened immune system, for example, due to a genetic defect or HIV infection.
- is pregnant or is planning to get pregnant. GARDASIL is not recommended for use in pregnant women.
- has any illness with a fever more than 100°F (37.8°C).
- takes or plans to take any medicines, even those you can buy over the counter.

Your health care professional will decide if you or your child should receive the vaccine.

How is GARDASIL given?

GARDASIL is given as an injection.

You or your child will receive 3 doses of the vaccine. Ideally the doses are given as:

- First dose: at a date you and your health care professional choose.
- Second dose: 2 months after the first dose.
- Third dose: 6 months after the first dose.

Make sure that you or your child gets all 3 doses. This allows you or your child to get the full benefits of GARDASIL. If you or your child misses a dose, your health care professional will decide when to give the missed dose.

What are the possible side effects of GARDASIL?

As with all vaccines, there may be some side effects with GARDASIL. GARDASIL has been shown to be generally well tolerated in women and girls as young as 9 years of age.

The most commonly reported side effects included:

- pain, swelling, itching, and redness at the injection site.
- fever.
- nausea.
- dizziness.
- vomiting.
- fainting.

Fainting can occur after vaccination, most commonly among adolescents and young adults. Although fainting episodes are uncommon, patients should be observed for 15 minutes after they receive HPV vaccine.

Allergic reactions that may include difficulty breathing, wheezing (bronchospasm), hives, and rash have been reported. Some of these reactions have been severe.

Additional side effects reported include swollen glands (neck, armpit, or groin), Guillain-Barré syndrome, and headache.

If you or your child has any unusual or severe symptoms after receiving GARDASIL, contact your health care professional right away.

For a more complete list of side effects, ask your health care professional.

What are the ingredients in GARDASIL?

The main ingredients are purified inactive proteins that come from HPV Types 6, 11, 16, and 18.

It also contains amorphous aluminum hydroxyphosphate sulfate, sodium chloride, L-histidine, polysorbate 80, sodium borate, and water for injection.

What are cervical cancer, precancerous lesions, and genital warts?

Cancer of the cervix is a serious disease that can be life-threatening. This disease is caused by certain HPV types that can cause the cells in the lining of the cervix to change from normal to precancerous lesions. If these are not treated, they can turn cancerous.

Genital warts are caused by certain types of HPV. They often appear as skin-colored growths. They are found on the inside or outside of the genitals. They can hurt, itch, bleed, and cause discomfort. These lesions are usually not precancerous. Sometimes, it takes multiple treatments to eliminate these lesions.

What is Human Papillomavirus (HPV)?

HPV is a common virus. In 2005, the Centers for Disease Control and Prevention (CDC) estimated that 20 million people in the United States had this virus. There are many different types of HPV; some cause no harm. Others can cause diseases of the genital area. For most people the virus goes away on its own. When the virus does not go away it can develop into cervical cancer, precancerous lesions, or genital warts, depending on the HPV type. See "What other key information about GARDASIL should I know?"

Who is at risk for Human Papillomavirus?

In 2005, the CDC estimated that at least 50% of sexually active people catch HPV during their lifetime. A male or female of any age who takes part in any kind of sexual activity that involves genital contact is at risk.

Many people who have HPV may not show any signs or symptoms. This means that they can pass on the virus to others and not know it.

Will GARDASIL help me if I already have Human Papillomavirus?

You may benefit from GARDASIL if you already have HPV. This is because most people are not infected with all four types of HPV contained in the vaccine. In clinical trials, individuals with current or past infection with one or more vaccine-related HPV types prior to vaccination were protected from disease caused by the remaining vaccine HPV types. "I love the freedom of it," Angelina has said of flying. "It's the greatest feeling in the world." She also flew while pregnant with Shiloh.

Angelina's still flying

Being about seven months pregnant hasn't slowed down Angelina Jolie! The mother of four, 32, was spotted in the pilot's seat of her single-engine Cirrus SR22 plane during an April 18 trip from Burbank to Santa Barbara, Calif., with her flight instructor. "She looked great and was laughing with the instructor," says an onlooker. On April 23, the licensed pilot made another flight to San Carlos, Calif. And just a month earlier, on March 11, Angie took her son, Maddox, 6, flying with her while she was in Austin, Texas, where her partner, Brad Pitt, was filming a movie. But some wonder: Is it safe? "If there's a rough landing or a sudden stop, she could risk hurting her unborn children," Dr. Walt Larimore, who doesn't treat the actress, tells *In Touch*.

"It's no different from the risk of riding a motorcycle while pregnant," Dr. Larimore says.

Miley's latest photo scandal

Is Miley Cyrus trying to hold onto one set of fans while attempting to appeal to a whole new audience? "Miley is at a major crossroads," an insider explains. "She doesn't want to lose her teen fans, but she also wants to go after more adult roles." That could explain why the 15-year-old posed for racy photos for *Vanity Fair* appearing to wear nothing except a sheet, but then quickly apologized to her squeaky-clean fans as soon as the pictures appeared. "I feel so embarrassed," she said. "I never intended for any of this to happen." But the magazine says that on the set, Miley and her parents were happy about the Annie Leibovitz shots and quotes her as saying they were "really artsy, but not in a skanky way."

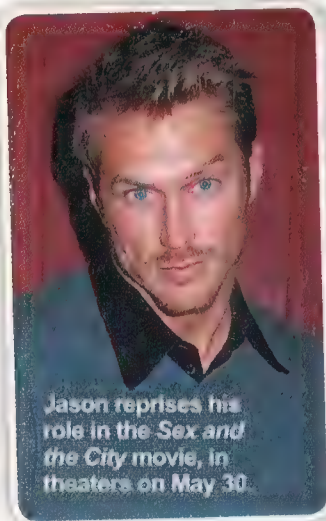

◀Ironically, Miley also recently posed for Leibovitz for the wholesome "Got Milk" campaign.

Heidi's 170,000-calorie gift to Posh

"When Heidi and Posh met on *Project Runway*, they hit it off right away," says an insider.

For Victoria Beckham's 34th birthday, good friend Heidi Klum gave her a dozen cupcakes from Sprinkles in LA — but that's not all. The treats will be delivered every Friday for a year — which totals a staggering 170,000 calories! "It will cost Heidi around \$2,000," an insider tells *In Touch*. "The card said 'Happy Birthday — expect a dozen every Friday! Love, Heidi.'" The insider adds that the cupcakes will be a different flavor every week, but Posh probably won't eat them. On Barbara Walters' 10 Most Fascinating People of 2007 special, Barbara asked Victoria if she would ever eat a cookie, and she simply replied, "No." But with three boys in the house — Brooklyn, 9, Romeo, 5, and Cruz, 3 — the treats won't go to waste!

Jason reprises his role in the *Sex and the City* movie, in theaters on May 30.

Jason wants more sex in the city

It looks like playing the lover of sexually liberated Samantha on *Sex and the City* has rubbed off on Jason Lewis. The 36-year-old arrived solo to the Angel Orensanz Foundation's Cointreau party in New York on April 22, but he didn't intend to leave alone! During the event, a pretty woman caught Jason's eye. "They went into the VIP area and talked closely," an onlooker tells *In Touch*. "They couldn't keep their hands off one another, and he was overheard complaining that Americans are too uptight about sex."

David often complimented Corina's beauty when she was an AGT contestant in 2006.

David flirts with the talent

Fans at California's Coachella Valley Music & Arts Festival were shocked to see David Hasselhoff rocking out during the weekend of April 26, but they were even more surprised to see his date. The *America's Got Talent* judge spent the weekend with former contestant Corina Brouder!

"David had his arms around Corina at one point," says an onlooker at a show on April 27. "They were flirting and acting very much like a couple." Corina, 29, a harpist and singer from New York, was saved from elimination during the show's 2006 season when David, 55, chose her as his wildcard pick. She didn't grab

the top spot, but David remained a fan of her music. He even showed up at Corina's performance at LA club The Mint on April 23 — Corina posted pictures on her web site.

While David's rep says the two are just friends, romance may be blooming. "Corina stayed in his hotel room," says the insider.

Although Britney has reportedly been in negotiations to become a spokesperson for Bally, according to the insider, "The deal might not go through."

Britney's hunky new man

Britney Spears has been hitting the gym to get back in shape — but there may be another reason for her attendance! The pop star, 26, has formed a special bond with Marc Corliss, 30, a personal trainer at Bally Total Fitness in Studio City, Calif., where she sometimes has two workout sessions in one day. One gym member tells *In Touch*, "Marc can be a bit of a flirt with women."

The dedicated fitness hunk was recently overheard telling a potential female client, "We don't stand still — we move around here!" Despite rumors of a possible romance, an insider says the relationship is professional: "Britney doesn't want a new boyfriend at the moment."

◀ Marc charges clients up to \$95 an hour for a workout.

Eddie's exes are bonding

It was a chance encounter that Eddie Murphy probably wishes never happened. On April 19, Eddie's ex-girlfriend, Spice Girl

Melanie Brown, and his ex-wife of two weeks, Tracey Edmonds, ran into each other at Foxtail restaurant in LA. Mel, 32, and Tracey, 41, arrived separately with friends when they spotted one another. "Once they made eye contact, they walked right over to each other," an insider at the restaurant confides. "The two hugged and they instantly bonded." The insider says the ladies chatted, swapped numbers and made plans for lunch. We're sure they'll have lots to talk about!

Paris Hilton says she is so in love with Benji Madden, 29, that she is even willing to cook for him! "We just celebrated our two-month anniversary, so I made dinner and we watched movies," Paris, 27, told *In Touch* at Belvedere Jagger Dagger party in LA on April 21. "He's definitely different than any

guy I've ever been with." The duo then headed down to the Coachella in Palm Springs on April 25, where she had "Paris hearts Benji" engraved on her BlackBerry at the T-Mobile Sidekick Tone-Def soirée.

Jamie has been in LA focusing on his older daughter, Britney. "He isn't ignoring Jamie Lynn," says a family friend. "There's been a crisis with her sister."

Jamie Lynn has said she "was scared" to tell her parents she was having Casey's baby.

Jamie and Casey at war

As if the couple didn't have enough trouble, now Jamie Lynn Spears' fiancé, Casey Aldridge, is at war with her father, Jamie.

According to an insider, Jamie does not want his pregnant 17-year-old daughter to marry Casey and he's made his wishes perfectly clear — but Casey, 19, has stood up

to his future father-in-law and told him to butt out!

"Jamie and Casey do not get along," the insider says. "Casey wants to marry Jamie Lynn and get her away from her family." The insider says that in late April, Jamie and Casey had a long-distance blowout fight on the phone, which made the situation even worse. "Casey doesn't respect Jamie and that's a problem," the insider says. "If they get married, Jamie might not even show up." The rest of the family, including Britney, is "trying to reach out to Jamie Lynn," a close family friend confirms to *In Touch*.

She's four-wheeling again!

A few weeks ago, *In Touch* reported that Jamie Lynn could have been passing her time by taking a training around on a high speed kart. But Jamie Lynn, looking more pregnant than ever, was spotted in an ATV on April 25 with friends in Liberty, Miss.

Leonardo DiCaprio is so serious about the environment, he recently made a \$3 million investment to help save it. Cameron Diaz and Angelina Jolie are also reportedly considering buying in the building, which has lots of luxurious extras like a pool, a cyber café, a gym and even a spa for dogs. Leo, 33, is no stranger to living a green lifestyle. He was one of the first stars to own a hybrid car and he has also created his own environmental-awareness foundation (leonardodicaprio.org).

Karna and Mario emerged as fan favorites amidst offscreen gossip.

Julianne Hough and Helio Castroneves' chemistry led to romance rumors — and victory.

Dancing's faux-mance?

Are Shannon Elizabeth and Derek Hough just kissing for the cameras? In an exclusive interview with *In Touch*, the *Dancing With the Stars* partners hinted that their reported romance could be a popularity ploy. "We are playing into the rumors with the kisses on the cheek [during their April 21 performance]," admits Shannon, 34.

"With our new 'strategy,' we are just doing it for fun now and for the audience." Adds a winking Derek, 22, "With our new 'outlook,' I think it's going to go down a lot better. We're like, if they want kisses, we'll give them kisses!" But could their plan backfire? "If it's a strategy, it's not a good one," *Dancing's* Karina Smirnoff tells *In Touch*. "Everyone knows that Shannon was dating a schoolteacher when the season started. You've both got to be young, hot and *single* in order for people to want you together. Their relationship will get them publicity, but that doesn't mean it'll get them votes."

Heidi: Spencer and I are no Nick and Jessica

The *Hills* stars Heidi Montag and Spencer Pratt are now pitching a *Newlyweds*-style spin-off, but the camera-ready couple isn't worried that their own MTV reality show will doom them to breakups like Nick Lachey and Jessica Simpson (far right), Travis Barker and Shanna Moakler, and Dave Navarro and Carmen Electra. "I don't believe in the 'reality TV curse,'" Heidi tells *In Touch*. "I think that Nick and Jessica would've broken up regardless of their TV show or not. If you're meant to be together, you will be. If not, you're eventually going to break up on- or off-camera." As far as "Speidi" becoming actual newlyweds themselves, Heidi says, "Not right now. We have a lot going on and we're still trying to figure out whether or not we should be together."

"Our show will be about my music career and Spencer being my manager," Heidi tells *In Touch*.

Sherri wants to get her hands on Brad!

Sherri Shepherd would love for Angelina Jolie and Brad Pitt to join her flock. In an anecdote related in Daniel Radosh's new book *Rapture Ready! Adventures in the Parallel Universe of Christian Pop Culture*, the *Vice* co-host says that more of her fellow Christians are needed in Hollywood because of the personal connections they could make. "If we could get to Angelina Jolie, if we could get to Brad Pitt and lay hands on him," Sherri told a Christian Comedy Association conference crowd. "Boy, I would love to lay hands on Brad Pitt. There are a lot of Christian women who would help me!"

THE LATEST HILLS FEUD

AUDRINA FEE

Audrina went to Mexico in April and didn't tell Lauren and Lo. "They had no idea where she was," says a pal.

Lauren Conrad's fight with Heidi Montag and Spencer Pratt is old news! The latest drama brewing on *The Hills*? Lauren is shunning her former roommate and BFF Audrina Patridge in favor of her old *Laguna Beach* pal Lauren "Lo" Bosworth. Although the three live together on Lauren's \$2.4 million property in Hollywood, Lauren and Lo live in the Spanish-style main house and hardly ever see or interact with Audrina, who stays in the pool house out back. The tension is so bad that on the season finale of the show, airing on May 12, Audrina contemplates moving out. "I feel left out sometimes," Audrina confirms to *In Touch*. "But at the end of the day, I have my good friends that I'm way closer to, so it doesn't bother me."

Although Audrina, 23, still makes public appearances with Lauren, 22, the friendship is on shaky ground. "They haven't been getting along

AUDRINA MOVED AWAY FROM LC AND LO

The main house has three bedrooms, but she chose to live in the pool house.

Lauren and Lo (right) giggled and gossiped — but Audrina was left out — when the girls got pedicures in L.A. on April 24.

for a long time,” an insider says. “Lauren thinks Audrina seems fake.”

According to the insider, Lauren and Lo were also “weirded out” when naked photos of Audrina came out — and they even told friends that they think she leaked them herself. “They know Audrina loves the limelight, but they couldn’t believe it,” the insider adds.

Lauren was shocked by the pics, but had already started distancing herself from Audrina. The insider says Lauren is annoyed that Audrina is still friends with Heidi. “I have nothing against her — she never did anything to me,” Audrina admits to *In Touch*. “I just stopped being her friend because of Lauren. But I can still be civil and nice to her.”

Lauren is disappointed, the insider says: “She doesn’t want Heidi in her life and doesn’t understand why Audrina does.”

They barely talk anymore

Audrina wouldn’t be that sad if she moved out of the guest house. “We’re all so busy with our own lives,” she tells *In Touch*. She would like to be close to Lauren again — but knows it’s unlikely with Lo, 21, constantly at Lauren’s side. “They are so close and Audrina can’t really compete with that,” the insider says. Lo even recently admitted that she’s not great friends with Audrina: “We just don’t spend very much time together.”

Unlike Heidi, Audrina probably won’t turn her estrangement with Lauren into a big public spectacle. “She’s so great and not dramatic,” her ex Bernard Steimann tells *In Touch*. And Audrina says, “I never dealt with any type of drama, but since I moved to LA and got involved in this show, there’s so much!”

“I knock when I go into Audrina’s room,” Lauren tells *In Touch*. “Whereas with Lo and myself, we just enter.”

Lauren’s got a new guy

Lauren has a new man on her arm — Doug Reinhardt, the brother of her *Laguna Beach* co-star Casey Reinhardt. On April 22, the two were spotted at the Absolut 100 Kanye West after-party at Goa in LA. “They were cuddling and making out,” a witness says. Lauren’s ex Brody Jenner must approve of the relationship, because he chatted with them and “even poured them cocktails,” the witness adds.

Lipstick Jungle's Lindsay Price draws attention to her killer legs in this daring, high-waisted Cynthia Rowley number. Joits of red also heighten the outfit's wow factor.

A MODERN TWIST

The entwined neckline and bubblegum hue of Rachel Bilson's Chanel dress are unexpected and playful, while the length keeps it chic.

Kelly also confessed that she was wearing a padded bra!

Did Kelly wear padded panties?

YES! There's supposedly a very good reason for Kelly Ripa's new curves — padded panties! "I have hit an all-new low, or high," she announced on the April 22 episode of *Live With Regis and Kelly*. "I am wearing padded push-up underpants." The undergarments, called Booty Pop, create a fuller, more shapely backside. "I really have become a human piñata. It is all stuffing. There's nothing authentic," Kelly marveled, adding that her new underwear was particularly well-suited for a talk-show host. "I feel very confident and surprisingly comfortable. I feel like I am sitting in a very cozy chair!"

◀◀ "Look at this, look. Is that unbelievable?" Kelly asked her co-host, Regis Philbin, on the episode (right). "I may never take these off!"

Did Pam eat a real hot dog?

NO! Wearing only a lettuce bikini, Pamela Anderson has urged fans to give up meat in PETA's Lettuce Ladies campaign. "Meat is loaded with saturated fat, which weighs you down and packs on pounds," says Pam. So it came as a shock to fans of the committed animal lover when she was photographed in Malibu on April 5 eating what appeared to be a hot dog at her son's ball game. However, a rep for Pam assures *In Touch* that the actress was eating an all-vegetarian hot dog.

◀ Pamela was named one of *Maxim* magazine's "sexiest vegetarians."

Was Enrique interviewed by his mole?

YES! Enrique Iglesias was only trying to prevent cancer when he had his famous mole removed in 2003, but yet five years later, his beauty mark is still raising questions. Ever the good sport, Enrique fielded questions from his old mole on the show *El Lunar Late Night* on April 21, even playing along as the interview took a turn toward the personal. "What are your favorite memories of us together?" the mole yearningly asked. "Probably vacationing together in the south of Spain," he cracked.

Comedian Jimmy Fallon once wore a huge mole while spoofing Enrique at the 2002 MTV Video Music Awards

Did Harrison wax his chest for a good cause?

YES!

Harrison Ford plays adventurer Indiana Jones on-screen, but he recently pulled a painful real-life stunt — all for the environment! On the April 24 episode of *Access Hollywood*, correspondent Melanie Brown, along with cameras, followed the actor to a salon, where a brave Harrison got his chest waxed. Why? He wanted to send a global message about the pain of deforestation, so he stripped his chest of his own "forest." Ouch!

He's a rocker now, but Ashlee Simpson's fiancé grew up watching *Sesame Street*.

Does Pete want to design clothes with *Sesame Street*?

YES! As a rock band member with heavy eyeliner, Pete Wentz might not be the first name to come to mind to work with beloved children's show *Sesame Street*. But Big Bird and friends had better get ready to rock, as the Fall Out Boy bassist has announced that he's hoping to work with Bert, Ernie and the gang! "I got a chance to meet with the *Sesame Street* peeps, talking about maybe doing a Clandestine/*Sesame Street* collaboration," Pete, the founder of Clandestine Industries clothing line, tells *thecelebritytruth.com*. "That would blow my mind!"

Does Elizabeth retouch her own holiday pictures?

YES! Airbrushing is common in the fashion industry, but it seems that model-turned-swimwear-designer Elizabeth Hurley has taken what she's learned on photo shoots and put it to good use — at home! "Shooting bikinis is now my life, so now I rely on a certain amount of retouching," she told the U.K.'s *Mirror*. "Every time I download my holiday pictures, I go over them!"

Elizabeth would look hot with or without airbrushing.

Is Paris banned from a hotel?

NO! Paris Hilton has a reputation for being a party girl, but even she knows where to draw the line. Recent reports claim the Hyatt hotel in Moscow banned the heiress after she was caught autographing the wallpaper in her suite during her visit to Russia for the MTV movie awards last month. But Paris' spokesperson says there's no need to hide the markers in Moscow. "This is completely false," her rep tells *In Touch*.

◀ "She's confirmed to stay there next month," her rep says.

Does Pink grow her own food?

YES!

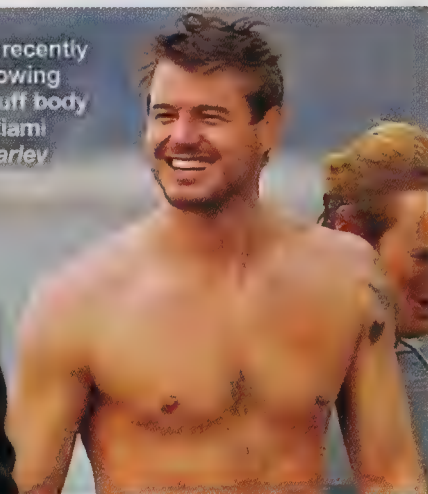

It looks like Pink has a green thumb. The pop star apparently fell so in love with cooking and gardening in Italy that she now grows her own fruit and vegetables. "I've put in several raised beds of vegetables: Swiss chard, kale, onions, tomatoes, grapes, broccoli and carrots," the singer tells *Allure* magazine. "I love to be dirty, to get in the mud. And I can eat fresh organic dishes every day."

She loves veggies but hasn't given up cheese: "I allow myself one piece a day."

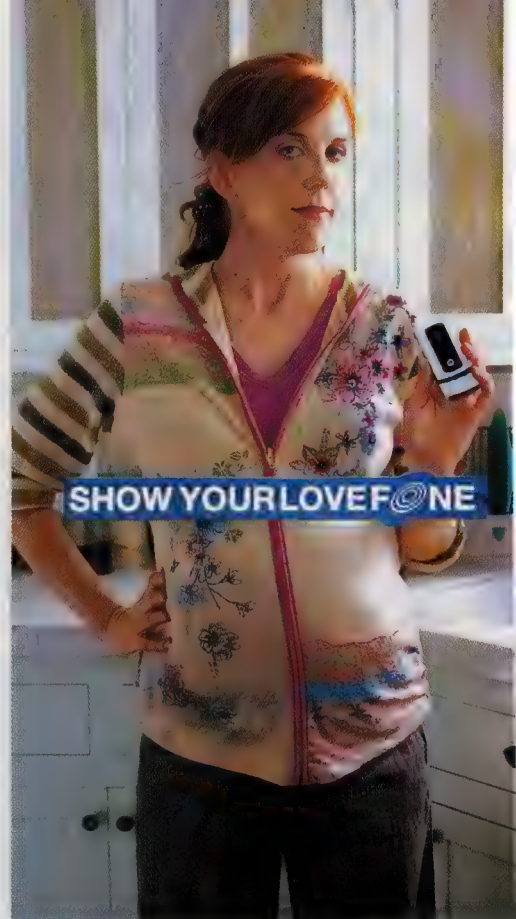

Eric has recently been showing off his buff body on the Miami set of *Marley & Me*.

Is Patrick jealous of Eric's pecs?

YES! McDreamy wants

McSteamy's body — but don't get the wrong idea! In an interview with *Parade* magazine, Patrick Dempsey confesses that he covets his *Grey's Anatomy* co-star Eric Dane's muscles. "I'm not Eric Dane — 'McSteamy' is in perfect shape," Patrick admits. "I definitely have pec envy. There's a lot of pressure being a man in this town."

PEOPLE in the news

"Some people enjoy the pool quietly," says Seattle's Francisc Stugren, "while others just keep screaming."

Just over the edge of the pool is a deadly 360-foot drop.

LONG WAY DOWN

The scariest swimming pool

This isn't your average backyard swimming hole! Adventurers know that to take the world's most spectacular — and frightening — dip, you've got to visit Devil's Pool at Victoria Falls in Zimbabwe, Africa. If you're brave enough — and make it through a slippery three-hour hike through the river currents — you can swim inches from the edge of the falls (and the gorge below!) thanks to a natural rock wall just below water level. But you'd better time your trip right: The pool is only safe during the dry season.

SO SWEET

Could these pups cause trouble?

These fluffy cuties are in the middle of a doggone controversy! Faith Whiteley, from Littlebourne, England, has been trying to register her five 7-week-old Volpino Italiano pups with the U.K. Kennel Club — but they've been turned down! It seems Volpinos are too rare a breed in England for the club to recognize, but Faith is crying foul: "They are a super little dog with a great character and temperament," she says. "But I am facing a wall of bureaucracy from the Kennel Club."

Beard competition: the next generation?

Every year, the International German Beard Championships — held this year in Eging am See, Germany, on April 19 — separates the men from the boys when it comes to creative facial hair. LITTLE BIG BIRD

Doing the wise thing: protecting wildlife

This precious 1-month-old Ferruginous Pygmy owl is one tiny — and lucky — bird! NICOLE AND PARIS MADE UP

Nicole Richie seemed to blame her pal Paris Hilton for her 2003 stint in rehab. "When I got out, I had to figure out what path to go down and that included taking certain people out of my life," Nicole said. Paris stayed tight-lipped about their fallout, but there was gossip that Nicole had screened Paris' sex tape at a party. "Nicole knows what she did," Paris said. Nicole's birthday in 2007 led to their reconciliation. "I really missed her. I just decided to pick up the phone and call her," Paris recalls.

■ "We got together that night, and it was like there was never anything that happened," says Nicole about their reunion.

Best friend **BETRAYALS**

From wars of words to accusations of infidelity, these stars just couldn't get along

"We've always lived by tough love," says Jay-Z.

KANYE ACCUSED JAY-Z OF COPYING HIM

Jay-Z raps about having 99 problems, and in 2007, Kanye West became one of them. Kanye felt he was slapped in the face when Jay-Z refused to invite him to perform at one of his concerts. Their feud accelerated when Coldplay's Chris Martin, who had collaborated with Kanye, appeared on Jay-Z's *Kingdom Come* album. Kanye poured his anger into his lyrics: "I told Jay I did a song with Coldplay, next thing I know he got a song with Coldplay. Back in my mind I'm like, damn, no way." Eventually, Kanye wrote "Big Brother" as a tribute to Jay-Z. "I think it's the best song he's written since 'Jesus Walks,'" admits Jay-Z.

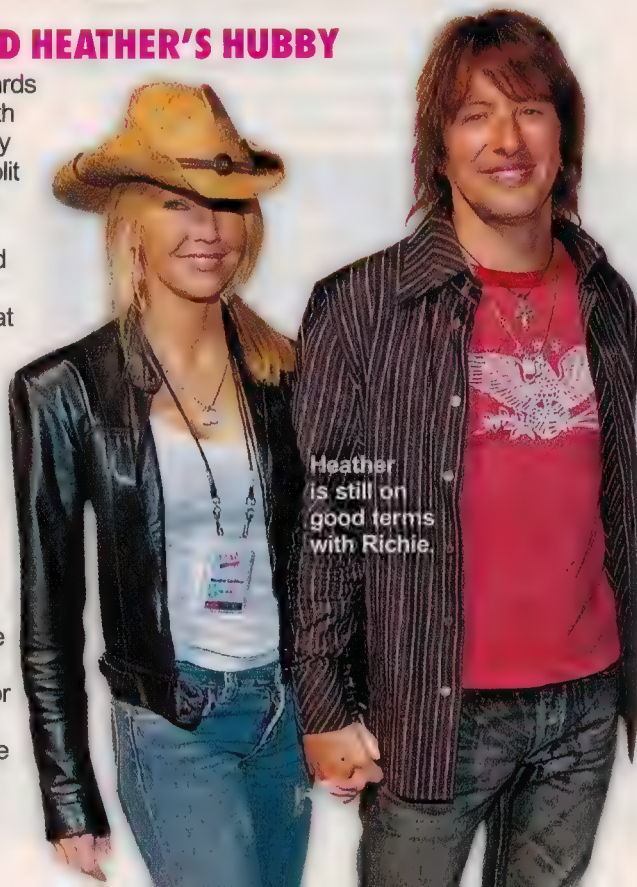

Chris sang on Kanye's "Homecoming" track.

I never had an affair, Denise says.

DENISE DATED HEATHER'S HUBBY

When Denise Richards started going out with Richie Sambora only months after he'd split from his wife — and her pal — Heather Locklear, she figured there'd be trouble. "Honestly, I knew that the situation was not going to go over well," Denise admitted, adding, "My friendship with Heather ended before Richie and I even started dating." But an insider tells *In Touch* that Denise "was the one who told Heather to file for divorce." A friend of Heather's says, "She wants nothing to do with her ever again."

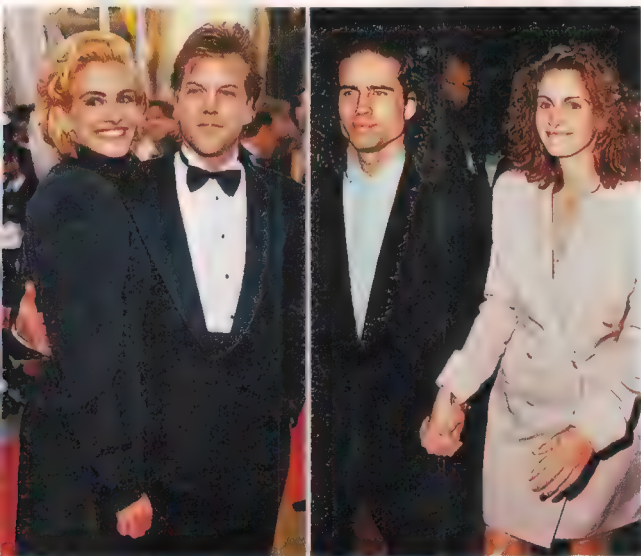

Heather is still on good terms with Richie.

JASON DATED KIEFER'S BRIDE

Kiefer Sutherland and Jason Patric became fast friends after meeting on the set of the '80s cult classic *The Lost Boys*. But their bond was shattered in 1991 when Kiefer's fiancée, Julia Roberts, called off their engagement three days before the wedding and ran off to Ireland with Jason. "We were friends and I'm surprised I never got a call from him," admits Kiefer, who has no ill feelings toward his ex-fiancée. "I commend Julia for seeing how young and silly we were, even at the last minute," Kiefer claims, but is quick to point out that he's never spoken to Jason again.

▲ "I found out from a stranger," reveals Kiefer (above left, with Julia) about Jason and Julia's relationship. Jason (above right, with Julia) admits, "I knew [dating her] would be trouble."

Don't count on them ever working together again. "I don't see a future in us doing stuff together," Corey Feldman, right, says.

COREY DISRESPECTED COREY

In the '80s, Corey Feldman and Corey Haim were inseparable, working hard and partying harder. But after reuniting in 2007 on the reality show *The Two Coreys*, their friendship hit rock-bottom when Corey Haim fought with his friend's wife, Suzie. "He'd been disrespectful in my home when he came to stay with my family," Corey Feldman tells *In Touch*. "I didn't feel it was a safe environment to have him and my child in the same home."

"We have a long history of ups and downs," says Corey Feldman, left, with Corey Haim in *Dream a Little Dream*.

WINONA AND GWYNETH WANTED THE SAME ROLE

Her role in 1998's *Shakespeare in Love* won Gwyneth Paltrow an Academy Award, but it also allegedly cost her a best friend.

Rumor has it that after Gwyneth saw the movie's script in her then-best pal Winona Ryder's apartment, she decided to pursue the role. "I don't know how it started or where it came from, but it couldn't be further from the truth," insists Gwyneth, who went on to date Ben Affleck, the best friend of Winona's then-boyfriend, Matt Damon. Later Gwyneth would admit, "It's all about the script. This is the best screenplay I've ever read." As for Winona, who faced a shoplifting battle in 2001, all she will say is a curt, "Don't ask."

"I'm usually the girl studios think of when Winona Ryder or Claire Danes have turned them down," Gwyneth once said.

◀ "It seemed right then, but I know it was wrong," says Christiane. left, of her affair with Hulk; right, with daughter Brooke.

BROOKE'S FRIEND SLEPT WITH HER DAD

When Christiane Plante went public with her affair with Hulk Hogan, his daughter Brooke lashed out. "When your best friend and one of your closest family members that you have loved unconditionally since your first day on this earth betray you together, you could maybe find it in yourself to forgive one day," she wrote on her MySpace blog. "But you will never forget the hurt they caused you..." Though Christiane claims she and Hulk didn't hook up until the wrestler was separated from his wife, Linda, she admits she crossed a line. "I will never be able to fully forgive myself for this," she says. "I have lost an amazing friend."

Barbara had to convince ABC to hire her friend: "There were some concerns about which Rosie we were getting."

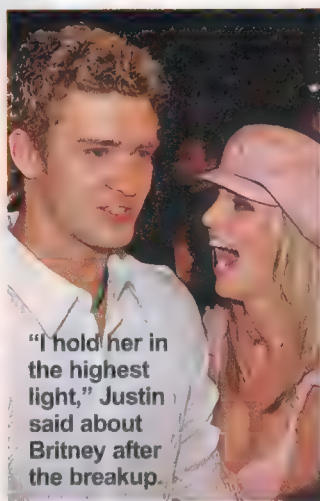

"Her views aren't necessarily my views," says Barbara.

BARBARA DIDN'T SUPPORT ROSIE

Barbara Walters thought friend Rosie O'Donnell would be the perfect co-host for *The View* in 2006, but the relationship quickly soured as Rosie's outspoken opinions caused controversy. After Rosie called Donald Trump a "snake-oil salesman," the billionaire tagged her "a real loser." When Barbara didn't stick up for Rosie, the pair bickered on and offscreen. "I would be less than honest if I were to say that there is no trouble between us," admitted Rosie, who later claimed she was canned from *The View*. In her book, *Celebrity Detox*, she went on to urge Barbara to retire. Even though Barbara was hurt, she said, "I choose to focus on the happier times we had."

DID BRIT COME BETWEEN JUSTIN AND WADE?

Britney Spears and Justin Timberlake were pop's reigning couple until their 2002 split. The breakup got ugly amidst speculation that Britney was fooling around with her choreographer, Wade Robson, who happened to be a collaborator and close friend of Justin's. Britney and Wade both denied any hanky-panky. "It was a bunch of rumors. She and I had such a close, creative relationship," explained Wade. "People always tried to connect us." But Justin seemed to take a swipe at his ex and pal in "Cry Me a River," singing, "You don't have to say what you did. I already know. I found out from him." As for his friendship with Wade? "We don't work together anymore, but I wish him all the best," says Justin.

"I hold her in the highest light," Justin said about Britney after the breakup.

Britney kissed Wade on an MTV special in 2001.

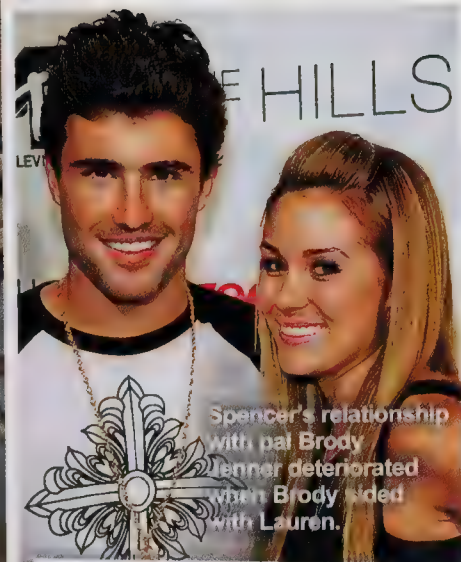

2

▲ "Britney has a beautiful heart, but if I've lost trust in someone, I don't think it's right for me to be with them," says Justin, with Wade.

"Even though Lauren and I aren't getting along, I'm still happy to be on this show with her," says Heidi.

Spencer's relationship with pal Brody Jenner deteriorated when Brody sided with Lauren.

Unlike Heidi, Spencer has no interest in reconciling with Lauren.

LAUREN WILL NEVER FORGIVE HEIDI

Spencer Pratt came between roommates Lauren Conrad and Heidi Montag on the second season of *The Hills*, and it didn't take long for their fight to turn into a full-blown feud. When talk of a sex tape — starring Lauren and her ex Jason Wahler — started swirling, it looked like Heidi and her man were responsible for the rumors. "I was best friends with her for two years, and now I feel like I don't even know the same person anymore," Lauren said. Even though Heidi swears she'd be willing to reconcile — "If she really came around, I'd always be open to talk to her" — Lauren's not interested. "I don't think that Heidi will ever really be sorry," she told *In Touch*. "We will never be friends again."

WITH DOUG WILSON

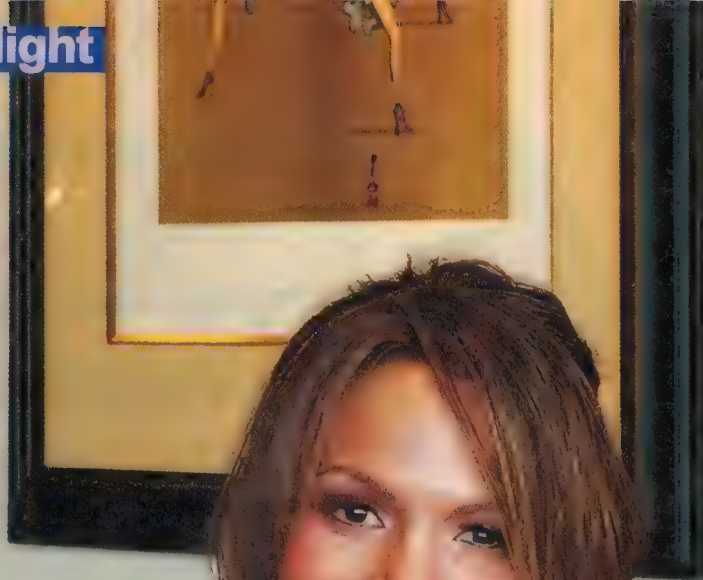

Doug's quick tip

Celebrity designer

Doug Wilson of

Moving Up weighs in:

"The great thing about the white chair rail along the wall is that it adds character and depth to a flat space. Also, you can give the room a completely new vibe by painting the top half of the wall a vibrant color."

Sitting alongside Jessica Lee and Jamie Pressly as *Caroline* on NBC's *Survivor* (coined *My Name Is Earl*), it's a joy for Nadine Velazquez. But her down-home off-screen commitment is as far removed as one can get from the deck, under the sun, of the LA home she shares with her husband, literary agent Marc Promiscent. And that's just what Nadine wants. "I had looked at three houses before deciding on this one, and actually made an offer without my husband — he was mad," she tells *In Touch*. "I will never do that again, but this was my dream home. We've been here a year now, and the look is a combination of my taste and my husband's friend Justin's. I told him what I wanted, and he presented me with the idea."

Dining in style

"This light fixture adds a touch of pretty to a room that had a male feel to it," Nadine says about her dining area.

"We custom-made the table and chairs, but the table settings and tableware came from Pier 1 Imports."

▼Family treasures

"We've collected these from trips we've taken. We usually end up taking an extra bag with us just to bring back mementos," says Nadine, who has recently traveled to Costa Rica, Paris, India and Egypt.

Doug's style advice

Celebrity designer Doug Wilson of Moving Up weighs in:

"Decorating with items that hold strong memories for you is a great idea. Grouping them together works best, since it adds a focal point in a room — but only display your favorites."

Stars on the move

CHANNING TATUM

The actor bought a three-bedroom home in the Laurel Canyon area of the Hollywood Hills that was for sale for \$2.9 million. It has a guest house and a pool.

SHANNEN DOHERTY

The actress' five-bedroom Malibu home is up for sale for \$4.4 million. The house, on 1.1 acres, has an ocean view and a pool. She also owns another home in Malibu.

DENNIS QUAID

When he was 24, Dennis purchased a home and land in Montana that was located near Yellowstone National Park. Recently, he bought 500 acres nearby.

A woman with short brown hair, smiling, sits on a bed with white linens. She is wearing a strapless blue dress with a white floral pattern. A small white dog is sitting on her lap. The bed has a large blue headboard. On the wall above the bed is a framed picture of a bicycle and two small round wall sconces. Nightstands with lamps and flowers are on either side of the bed.

Modern comfort

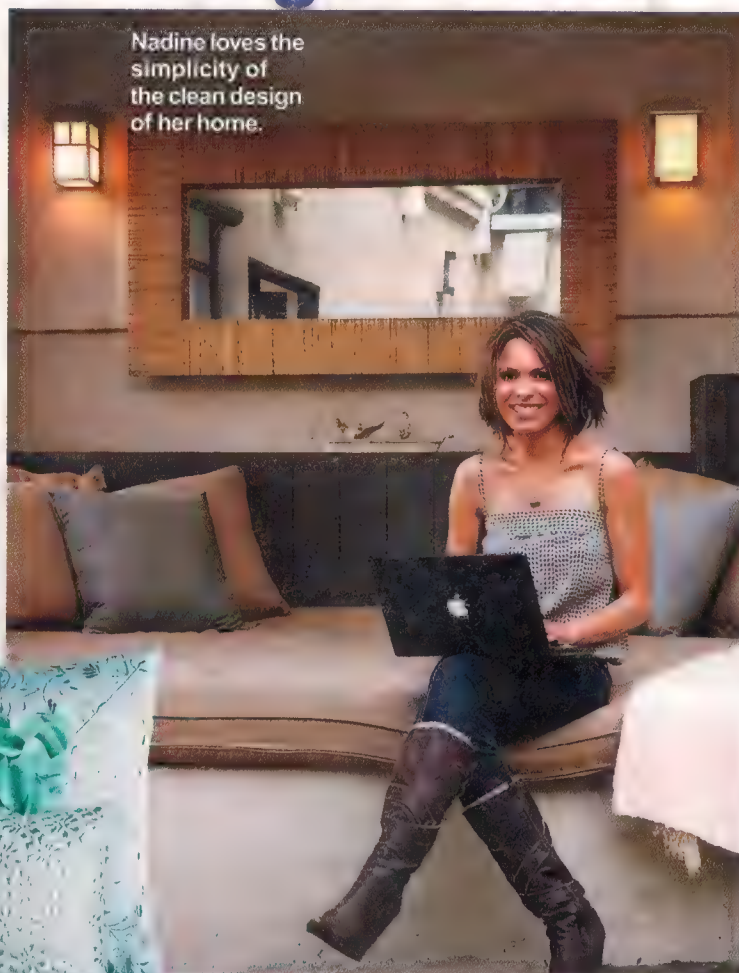

"This is our love nest — the sexy room," laughs Nadine, here with Kiki and wearing a dress from her favorite store, Leo's in Miami, on her cloud-like bed in the master bedroom. "I love the design — it's all very fresh and airy. Being in here puts me in a good frame of mind."

"Modern elements strong on style create unique focal points."

Party invitations pour in and your phone rings off the hook. You (like Cancer Jessica Simpson) have an amazing opportunity with someone you've crushed on.

LUCKY COLOR: BLUE

LEO JULY 23 – AUG 22

Like fellow Leo Madonna, you enjoy splurging every now and then. But this week, life's simple pleasures turn out to be the most enjoyable ones.

LUCKY COLOR: BROWN

VIRGO AUG 23 – SEPT 22

Everything you need now seems to be coming to you (and Virgo Heidi Montag). Someone with a fabulous sense of humor becomes a new friend.

LUCKY COLOR: VIOLET

LIBRA SEPT 23 – OCT 22

Plugged in as you usually are, you hear a very juicy secret. A pal gives you a great tip. Over the weekend, the ultimate romantic treat is offered to you.

LUCKY COLOR: ORANGE

SCORPIO OCT 23 – NOV 21

The spotlight shines on you and a hookup proves to be a keeper. Your intuition gives your career goals a big boost on Wednesday. A family member suggests a fun adventure.

LUCKY COLOR: YELLOW

SAGITTARIUS NOV 22 – DEC 21

Your theme this week is "sexy" in the city, because Mr. Big is coming your way. Keep your eyes and heart open — an exciting new romance is on the horizon. At work, a little extra effort goes a long way and your dress-to-impress look seals a deal.

LUCKY COLOR: GOLD

CAPRICORN DEC 22 – JAN 19

A touch-and-go relationship has been troubling you lately. But this week, you discover that love is real and an exciting weekend brings you closer together.

Rihanna shines in sparkly silver

RIHANNA

Silver plays second fiddle to gold at the Olympics, but as Rihanna proves, the shimmery metallic ranks No. 1 among fashion-forward stars. The singer's Dolce & Gabbana strapless dress complements her edgy haircut and lined eyes, playing up her rocker-chic

vibe. "I love silver because it's so versatile," says fashion designer Alexia Admor. "It's subtle enough for day, but still has kick for night." To avoid looking too space-age, keep your precious metal to a minimum. "The focus should be on one key item, like a dress or a great bag," explains Admor.

◀ MAKE A STATEMENT

The color is bold, but delicate silk, sweet rosettes and a flirty balloon hem are ultra-girly. Alexia Admor halter dress, \$276. Archetype, (203) 562-6772.

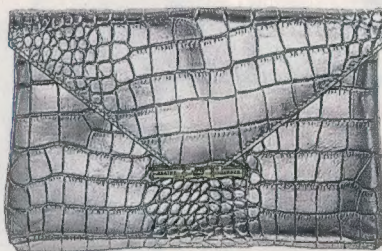

▶▶ EYE-CATCHING ACCESSORIES

Ornate bangles and a long beaded chain are simple but elegant. Kenneth Jay Lane polished bangles, \$45 each, (877) 953-5264. American Eagle Outfitters necklace, \$18, ae.com.

▼ A DELICATE TOUCH

Pretty leaf earrings add a bit of glitz. Julie Sandlau, \$345. Skylark, (914) 967-1055.

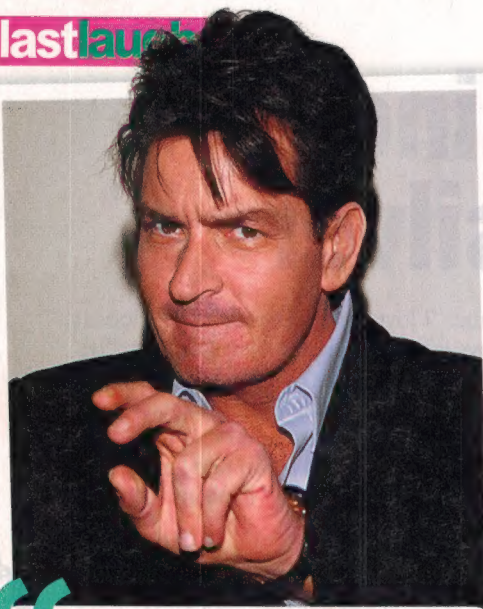

▲ SHINY FOR DAY OR NIGHT

A hot metallic clutch always looks cool. Elaine Turner clutch, \$175, endless.com.

▲ SPARKLY HEELS ADD SEX APPEAL

For a fresh take, pair these with summer white. Marc by Marc Jacobs T-strap sandals, \$370, shopbop.com.

— Penn Badgley tells *nymag.com* about *Gossip Girl*’s hidden demographic.
